

PAC³ Conference Agenda

Atlanta, GA & Virtual

May 5-6, 2022

Welcome!

We are so glad you're here.

Thursday, May 5, we will co-host the conference with our partners, the [Pediatric Cardiac Critical Care Consortium](#) (PC⁴). Some of the sessions are geared just toward PAC³, and some will be held in partnership with PC⁴. Friday, May 6 will be PAC³ only.

The agenda on the following pages includes the **title** of the talk, **speakers** and facilitators, a brief **description of the talk**, and **audience participation** level.

For those who are in person, there will be a dinner reception on Thursday night at the Fox Theater (660 Peachtree St, NE) starting at 6pm.

Agenda Key:

This symbol appears in sessions that are geared toward patients and families. If you are attending virtually and can only attend for some of the time, we highly recommend these!

This symbol appears to recommend a session for families when there are several sessions running at once.

Thursday, May 5

Time	Talk, Speakers	Overview
7:00 am EST	Registration & continental Breakfast	
8:00am EST 7:00am CST 6:00am MST 5:00am PST	Welcome Back Nicolas Madsen	Join this session to learn about PAC ³ aims and progress. Dr. Madsen will share data related to committee and collaborative work. <i>Audience participation: Listening only</i>
8:30am EST 7:30am CST 6:30am MST 5:30am PST	Ignite Talk: Provider Wellbeing, Work Culture and Quality: the Merging of Three Galaxies Will Border	An ignite talk connects us to our purpose. Dr. Border will focus on the value of community in our work, and how professional inspiration leads to fulfillment and wellness. <i>Audience participation: Listening only</i>
8:45am EST 7:45am CST 6:45am MST 5:45am PST	The Biggest Opportunities in Acute Care Cardiology Taylor Morse Tony Hlavacek Sonali Patel	We asked all PAC ³ members (clinicians, data folks, parents) about the biggest challenges they saw in acute care cardiology. The group voted, and the three topics below were selected. Each of these speakers is going to give a 5 minute “elevator pitch” about why their topic is most important. You will choose your own adventure for the next session after hearing these pitches! <i>Audience participation: Listening only</i>
9:10am EST 8:10am CST 7:10am MST 6:10am PST	Biggest Opportunity: Staff retention & Burnout Taylor Morse Facilitator: Nicolas Madsen	If you had a magic wand, how would you solve staff burnout and retention challenges? Taylor and Dr. Madsen will discuss this and other questions with the group. <i>Audience participation: Group discussion</i>
	Managing the shifting clinical boundaries between the ICU, ACU and home Tony Hlavacek Facilitator: Angie McKeta	How have centers managed as more and more complex patients come into the acute care unit and are discharged home? Dr. Hlavacek and Angie will discuss this and other questions with the group. <i>Audience participation: Group discussion</i>
	Maximizing value: care plans that optimize balance between education, family experience, and medical care Sonali Patel Facilitator: Colleen Pater	☆☆☆ Who are the stakeholders in patient care? What does “value” mean to all these different people? How do we manage these different perspectives? Drs. Patel and Pater will discuss these and other questions with the group. <i>Audience participation: Group discussion</i>

10:10am EST	<i>30-minute break</i>	
10:40am EST 9:40am CST 8:40am MST 7:40am PST	It's about the journey AND the destination: Beginning QI with the end in mind David Cooper Alaina Kipps Shreya Sheth Andrew Shin	PAC ³ and PC ⁴ use Quality Improvement Science to improve patient outcomes. This involves testing changes and measuring improvements. Sometimes the hardest part of improving outcomes is keeping the improvement. (Think of changing your diet to eat healthier – you can stick to it well while it is a priority, but what do you put in place to ensure you stay with it for the long haul?) This session addresses planning for long term improvement. <i>Audience participation: Group activity to demonstrate principles</i>
11:40am EST	<i>Lunch/Break</i>	
12:30pm EST 11:30am CST 10:30am MST 9:30am PST	Keynote: Diversity, Equity and Inclusion Shabnam Peyvandi , David Shahian Moderators: Sarah Plummer , Lie Tjeong	Social determinants of health, such as race, ethnicity, language, and poverty can affect patient outcomes. Drs. Peyvandi and Shahian will discuss how social determinants of health can affect health risks and how this information is used. <i>Audience participation: Q&A</i>
1:30pm EST 12:30pm CST 11:30am MST 10:30am PST	Introduction to Quality Improvement in Healthcare David Bailly Emilee Glenn Judson Moore	 “Quality Improvement (QI) science” was first used in the airline industry to improve flight safety. The principles used in QI are the reason flights are so reliably safe today, and QI has been widely adopted in industry and healthcare. This session will walk through the steps used in the QI science method. <i>Audience participation: Group activity to demonstrate principles</i>
	Hearts to Home Working Session Sarah Plummer Adam Ware Ashlin Tignor	19 of PAC ³ 's member hospitals are participating in the “Hearts to Home” QI project focused on eliminating needless delays in patient discharge. The goal is to improve hospital processes so that patients can go home as soon as they are medically ready leave the hospital. <i>Audience participation: Group work</i>
	D ² : Data Entry & Dashboards Marty Gister , Sarah Schukei Wendy Torres , Sarah Youngberg	Data collectors will discuss best practices for data entry and data sharing. (Registry data will not be shared.) Unless you are a data junky, this session may not be for you! <i>Audience participation: Q&A</i>
3:00pm	<i>Break</i>	
3:30pm EST 2:30pm CST 1:30pm MST 12:30pm PST	Quality Improvement and Traditional Research Poster session	In-person attendees are welcome to walk around and review posters in the Ballroom. Virtual attendees can view posters on the website with a brief recorded introduction to the work by the author.

Friday, May 6

Time	Talk, Speakers	Overview
7:00 am EST	Registration & continental Breakfast	
8:00am EST 7:00am CST 6:00am MST 5:00am PST	Welcome, from the Atlanta Team Martha Clabby	Dr. Clabby will share some highlights about Atlanta and Children’s Healthcare of Atlanta and will give some updates about the upcoming day. <i>Audience participation: Listening only</i>
8:15am EST 7:15am CST 6:15am MST 5:15am PST	Examining Equitable Education: Education & Outreach Committee Dana Gal Brittney Hills	☆☆☆ ☆☆ ☆ Drs. Gal and Hills will share Education & Outreach Committee accomplishments. They will lead a group discussion to learn about how hospitals are currently communicating with families who do not speak English as a first language about discharge, and brainstorming what they could do to improve. <i>Audience participation: Group discussion</i>
	Overcoming Common Barriers in QI work: Quality Improvement Committee Shreya Sheth Adam Ware	Drs. Sheth and Ware will share accomplishments of the QI Committee. There will be a group conversation about how to sustain projects in each of the different QI pathways and common barriers to sustain. <i>Audience participation: Group discussion</i>
9:20am EST 8:20am CST 7:20am MST 6:20am PST	Registry Data Validity and Visualization: Database Committee Stephen Hart Kelly Venezia	Dr. Hart and Kelly Venezia will share accomplishments of the Database Committee, including data auditing and the introduction of the data analytics workgroup. <i>Audience participation: Listening only</i>
	Research Projects: Scientific Review Committee Sonali Patel , Ronn Tanel Adam Ware , Brittney Hills	☆☆☆ ☆☆ ☆ Drs. Patel and Tanel will share accomplishments from the Scientific Review Committee. Dr. Ware will share his research project on feeding practices at member hospitals, Dr. Hills will share her research aims for a project focused on differences in outcomes based on race and ethnicity. <i>Audience participation: Q&A</i>
9:50am EST 8:50am CST 7:50am MST 6:50am PST	Risk Adjustment in PAC ³ Stephen Hart , Sonali Patel Moderators: Ronn Tanel , Kelly Venezia	☆☆☆ ☆☆ ☆ What is “risk adjustment?” Dr. Hart gave an introduction to this concept on one of our Patient & Family Action Committee calls. You can view the video here . In this session, we will be discussing what successful feeding means. We would love input from patients and families. <i>Audience participation: Group discussion</i>

9:50am EST 8:50am CST 7:50am MST 6:50am PST	Introduction to the PAC ³ Hospital Survey & Health Equity Module on ArborMetrix <i>Brittney Hills</i> Megan Rodts	Dr. Rodts will share how members can view other centers' staffing and resource utilization compares to their own. Dr. Hills will discuss the details of how to start putting data into the Health Equity module. (ArborMetrix is the reporting platform used for the registry.) <i>Audience participation: Q&A</i>
10:50am EST	Break	
11:10am EST 10:10am CST 9:10am MST 8:10am PST	Caregiver Readiness for Discharge Jessica Bowman <i>Mariel Spengler</i>	 What concerns do families have as their child gets ready to leave the hospital? How could clinicians and hospital staff ease this transition? <i>Audience participation: Group discussion</i>
12:10pm EST	Lunch/Break	
12:55pm EST 11:55am CST 10:55am MST 9:55am PST	Committee Furthering Engagement: Patient & Family Action Committee <i>Alaina Kipps</i> Missy Smith <i>Mariel Spengler</i>	  Missy will share the accomplishments of the Patient & Family Action Committee (PFAC). Mariel and Dr. Kipps will lead a discussion about working with the committee. What would families like to get out of joining the PFAC? How can we make it easier for all families to join? <i>Audience participation: Group discussion</i>
	Health Inequities: IDHEA Committee Jessica Colyer <i>Sarah Plummer</i> <i>Ronn Tanel</i>	Dr. Plummer will share the accomplishments and goals of the Inclusion, Diversity & Health Equity Advocate (IDHEA) committee. Drs. Colyer and Tanel will share the diversity, equity and inclusion education and efforts at Seattle and UCSF. The group will then share and discuss best practices. <i>Audience participation: Group discussion</i>
1:55pm EST 12:55pm CST 11:55am MST 10:55am PST	Wrap Up / Transition <i>Nicolas Madsen</i>	Dr. Madsen will close the conference and transition the group to the volunteer activity.
2:00pm EST	Volunteer activity for Children's Healthcare of Atlanta (CHOA)	We invite anyone at the conference to join us in putting together care packages for families who are currently admitted on the Cardiac intensive care unit and Acute care cardiology unit at CHOA.
