Washington, DC 20010-2916
ChildrensNational.org

Children's National Heart Center is excited to invite you to support the upcoming PC⁴/PAC³ conference, a premier event for professionals in the field of pediatric cardiology and pediatric cardiac critical care. This year's conference will be held in Washington, DC on April 14, 15, and 16. As a sponsor, you will be an important part of an impactful event that brings together leaders and experts from across North America to share the latest insights and advancements in congenital heart disease.

Last year's conference was a tremendous success, attracting **350 attendees** from **63 centers**, representing **20 different pediatric cardiology roles**, and spanning **33 states** and **2 countries**. Our diverse lineup featured **108 speakers** across **30 sessions**, with **45 abstracts** showcased during the Poster Session. We are confident that this year, we will continue to build on this momentum, and we would be honored to have your support in helping us expand the reach and depth of this year's program.

Enclosed is our sponsorship packet with detailed information about how you can partner with us and gain exposure to more than 350 participants from over 50 institutions and elevate your organization's visibility through our recognition benefits.

Please reach out to Tyrone Pender, Director of Operations and Business Development at Children's National Heart Center at tpender@childrensnational.org with any questions regarding your sponsorship. We look forward to discussing how your involvement can benefit both your organization and the field at large.

Thank you for your consideration, and we hope to have the opportunity to work together.

Warm regards,

Wayne J. Franklin MD FACC
Senior Vice President - Heart Center
Children's National Hospital
Professor of Pediatrics
George Washington University
Washington, DC 202-476-2166
